

MiSTEM Region 6 Grant Funding Opportunities

The Prism Challenge

[Teacher-Powered Schools and Empower Schools](#) are seeking to partner with forward-thinking districts and school communities on a groundbreaking opportunity to reimagine educator roles, the [Prism Challenge](#). Through a funded and supported **educator-led co-design** process, teacher teams will work alongside school and district administrators to **explore, design, and implement new approaches to their roles that center high-quality instructional materials (HQIM), aligned professional learning, and strong and affirming relationships with students.**

Selected partners will receive **three years of funding and technical support** to design, launch, and implement reimagined teaching roles through a teacher-led co-design process.

For questions, please contact Amy Junge at amy@educationevolving.org or Sarah Robb at srobb@empowerschools.org. Please see the [RFP here](#) and the [FAQ here](#).

Applications are due by **11:59pm PT on Monday, March 3, 2025.**
